1/8/'11

Dear Colleague,

I am writing to invite your institution to join the Irish Science Teachers' Association. The ISTA is the largest and most active subject association in Ireland. It affords you and your institution the opportunity to co-operate closely with the science teachers in your area and also with science teachers throughout the country. As a member:

- You will be part of the professional body of science teachers in Ireland.
- Each year you will receive 3 issues of the ISTA journal SCIENCE. This journal contains numerous articles of interest to science teachers and will help to keep you informed of developments in science education.
- You will be kept informed of all events that are organised by the ISTA at local and national level.
- You will have direct access to over 1000 science teachers in Ireland.
- You may advertise in SCIENCE journal for a reduced fee for member institutions. The normal fee is €300 for a full page advertisement in the journal. The fee for ISTA member institutions is €200.
- You will receive some circulars and e-mails to keep you up to date with various events happening in your local ISTA branch and at national and international level. You will also be able to ask the local ISTA branch to inform its members of events that you are organising in your institution that are relevant to second level science students
- You will be entitled to a reduced course fee at the ISTA Annual Conference.
- The name of your institution will be listed in the ISTA journal as an institution that is a member of the ISTA.

I enclose an application form and an invoice which you may use should you wish your institution to become a member of the ISTA. Your support of science education in Ireland will be greatly appreciated.

Best wishes,

Dr Declan Kennedy  
(Membership Secretary).
