

CLEAN TECH
COMPETITION

Do **YOU** have a clean technology solution to “**Make an Impact**”?

The 2016 Clean Tech Competition is seeking **students ages 15-18 from around the world** with innovative ideas to solve the global problems of the use of plastics or the need for cheap, clean energy. There is **no cost to enter**, and students **work in teams of 1-3**.

10 Finalist Teams from around the world **will be invited to cruise** from Miami, Florida, USA **to the Dominican Republic** to meet, compete, learn, and explore!

Identify
a problem

Explain
the impacts

Analyze
the causes

Design
a solution
