This course will assist teachers in the senior biology classroom to develop cooperative strategies and activities to promote:

- Group work
- The inclusion of all learners
- Literacy
- Providing challenge to very able students
- Engagement of students

Resources will be provided and you will have the chance to explore how these can be used in a differentiated classroom. These include

- Completely updated resources - "Know-IT-All" and SEC material for 2014
- A complete set of Follow-Me Quizzes for each topic including homework sheets and PowerPoints
- Resources for applied biology
- Strategies and resources to improve reading and comprehension in biology
