

## Chemistry Misconceptions Workshop

If you teach **Senior Cycle Chemistry** then register for this workshop:

- to explore **common misconceptions** and how they can be identified
- to explore resources to stimulate and **enhance understanding** of chemical principles for both you and your students
- to explore **flipped and blended learning** environments to accommodate for **differentiated learning** in the classroom
- to create and take away **ICT resources**

The workshop will also include a review of this year's LC Chemistry papers and the **Chief Examiner's Report on this year's examination.**

Active learning toolkit will be available .

**NOTE:** Please bring **2015 exam papers, earphones** and your **own electronic device**. Also please ensure that you have signed up to **Schoology** in advance of the meeting.
