

PHYSICS

Spring Workshops 2016

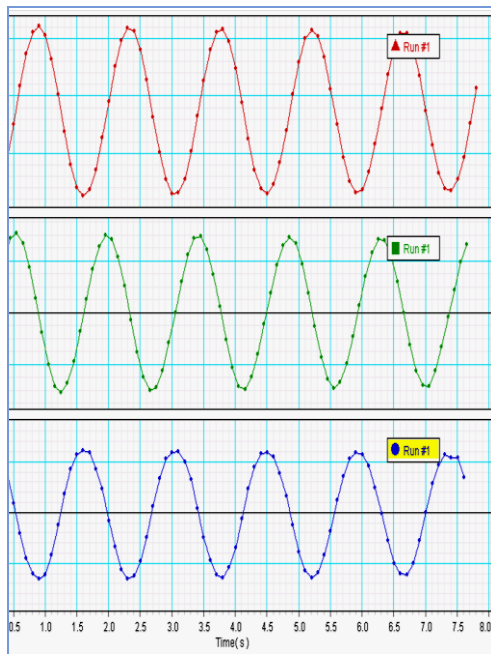

The Spring Workshops are designed to:

- Enable teachers to enhance the students' understanding of graphing in Physics
- Give teachers the opportunity to explore the extensive set of Physics teaching resources distributed
- Provide an occasion for teachers to share and discuss the ideas encountered

*The USB key, distributed **free** to each participant, contains an incredible range of wonderful **Physics Teaching Resources***

The USB key includes ...

Revision Activities and worksheets	Literacy & Numeracy Strategies	Links to further resources on the internet
Fisic na gCáithníní	Modern Physics Interactive Tutorial	A Laboratory Equipment Database
Quizzes, Tarsia examples	The Physics Teacher's Handbook	PowerPoint presentations on many topics
Graphing resources	Useful Excel Templates	.. and much, much more
