

Practical Workshops for New Chemistry Teachers

If you are recently qualified or just starting out as a Chemistry teacher then this course is for you. The course will be held in November in six venues around the country:

Course Venue	Course Date	Time
St Columba's College, Whitechurch, Dublin 16	Wednesday November 7th	7 pm – 9pm
Calasactius College, Oranmore, Co. Galway	Wednesday November 14th	7 pm – 9pm
UCC	Tuesday November 20th	7 pm – 9pm
Presentation Secondary School, Waterford	Wednesday November 21st	7 pm – 9pm
Ard Scoil Ris, Limerick	Thursday November 22nd	7 pm – 9pm
Intermediate School, Killorglin, Co Kerry	Monday November 26th	7 pm – 9pm

Experienced teachers will demonstrate and explain all aspects of the following procedures: making up solutions, safety issues relating to making up solutions, dilutions, storage of chemicals, recipes for solutions and redox titrations.

You will then be given an opportunity to practice them, so bring your lab coats and be prepared to get your hands wet.

To book any of the above Workshops please follow the link below:
