European Science and Technology in Action
Building Links with Industry, Schools and Home

Teaching at the heart of learning is a joint conference of the **Science and Mathematics Education Conference (SMEC)** series and the FP7-funded project **ESTABLISH**. Hosted by the Centre for the Advancement of Science Teaching and Learning, **CASTeL**, of Dublin City University & St. Patrick's College, Drumcondra, this conference provides a forum to address issues pertaining to the teaching and learning of science and mathematics at and across all educational levels, in particular:

- Classroom practice
- Evaluation & Assessment
- Teacher Education
- Reflective teachers

A particular focus of this conference will provide an opportunity for teachers from across the 11 countries of **ESTABLISH** consortium to share their experiences and examples of Inquiry in their classrooms.

NOTE FOR PARTICIPATION:

You are cordially invited to participate and contribute to this event. Please visit our website for details of registration and submission of contributions for workshop, oral and poster presentations.
